

**Final Department of Commerce FY 2009/2010 Financial Statements Guidance
Federal Agencies' Centralized Trial Balance System I (FACTS)/
Closing Package for the Governmentwide Financial Report System**

I. Purpose

This attachment provides instructions and guidance to the Department of Commerce (Department) reporting entities' (hereinafter referred to as bureaus) on the preparation and submission of the Federal Agency Centralized Trial Balance System I (FACTS) Master Appropriation File (MAF) - by Treasury Appropriation/Fund Group, and the Closing Package notes/and other data for the Governmentwide Financial Report System (GFRS).

Please note that the Department's a) pre-closing fiscal-year FACTS I Adjusted Trial Balances (ATBs) submissions to Treasury, by Treasury Appropriation/Fund Group and by proprietary Standard General Ledger (SGL) account number; and b) Closing Package reclassified financial statements, are generated by Hyperion Financial Management (HFM) based on the bureaus' submitted data.

II. Background

Section 405 of the Government Management Reform Act of 1994 requires the Secretary of the Treasury to annually prepare and submit to the President and the Congress audited financial statements for the preceding fiscal year, covering all accounts and associated activities of the executive branch of the Federal government. Section 114 of the Budget and Accounting Procedures Act of 1950 requires each executive agency to furnish financial and operational information as the Secretary of the Treasury may stipulate. FACTS I is Treasury's fiscal-year reporting system for the agencies reporting of USSGL account balances. Annually, (normally May) the Treasury issues a Transmittal Letter that releases an updated version of the Treasury Financial Manual (TFM), Volume 1, Part II, Chapter 2-4700, *Agency Reporting Requirements for the Financial Report of the United States Government*. This chapter includes relevant bureau requirements in order for the Department to fulfill the Treasury's requirements of executive agencies for the current fiscal year's electronically transmitted MAF and ATBs.

Prior to an agency's submission of its pre-closing ATBs, the agency must review and electronically update its MAF. The MAF contains data fields pertinent to agencies' funds and activity. The Treasury uses the MAF to control agencies' submissions of ATBs. Agencies are required to electronically transmit ATBs for the fiscal year ended September 30.

The Treasury developed the Closing Package methodology to resolve material deficiencies identified by the Government Accountability Office (GAO). This methodology is designed to link agencies comparative, audited consolidated, Department-level financial statements to the Financial Report of the United States Government (FR). Treasury has developed the GFRS to capture each agency's Closing Package data.

To comply with the Closing Package requirements, verifying agencies must reclassify all line items and amounts on their comparative, audited, consolidated financial statements such as the Balance Sheet, Statement of Net Cost, Statement of Changes in Net Position, and Statement or Note on Custodial Activity. Also, agencies must list Closing Package line items amount identified as federal by trading partner and amount. All agencies must report footnotes required by the Reclassified Balance Sheet line items, and disclose other information not contained in the primary financial statements and footnotes (Closing Package notes and other data).

The Office of Financial Management (OFM) will prepare and electronically transmit to the Treasury the Department's:

- a) Updated MAF based on bureaus' MAF submissions.
- b) FACTS I ATBs based on bureaus' HFM data.
- c) Closing Package Reclassified Balance Sheet, Statements of Net Cost, Changes in Net Position, and Custodial Activity.
- d) Closing Package notes and other data based on bureaus' HFM and manual Closing Package submissions.
- e) Closing Package federal trading partners and amounts for federal line items.

III. Treasury Financial Manual (TFM), Volume I, Part II, Chapter 2-4700, *Agency Reporting Requirements for the Financial Report of the United States Government*

The requirements for FACTS I and Closing Package are contained in TFM, Volume 1, Part II, Chapter 2-4700, *Agency Reporting Requirements for the Financial Report of the United States Government* (TFM Transmittal Letter No. 644, May, 2008), and can be obtained at www.fms.treas.gov/factsi, select "Regulations and Guidance."

An additional source of background information regarding the FACTS I MAF and the ATBs is the MAF, ATB, and NOTES User Guide (September 2002), which can be obtained at: www.fms.treas.gov/factsi/userguide.pdf

Another source for background information regarding the Closing Package is the GFRS User Manual (updated September 2007), which can also be obtained at: www.fms.treas.gov/factsi/gfrs-manual.html, select "GFRS User Manual."

IV. Bureaus' MAF

Each August, OFM will provide bureaus with the Department's most recent MAF and Treasury's FAST (Federal Account Symbols and Titles) Book. Each bureau will review its accounting/budget records, prior MAF, and its portion of the FAST Book, and submit an updated MAF to OFM or an e-mail stating that no changes to the MAF are necessary. Revision should include new Treasury Appropriation/Fund Groups not listed on the MAF, Treasury Appropriation/Fund Groups that should be deleted or revised, correction of data listed incorrectly, etc.

OFM will perform a comparison of the MAF to the most recent FAST Book, and follow up with those bureaus where there are differences between the two. Exhibit 1 contains the Department's MAF as of September 30, 2008.

Bureaus are required to submit their FY 2009 MAF by e-mail to Tanya C. Smith (tsmith2@doc.gov).

V. Closing Package Notes/Other Data

Bureaus are required to a) enter data and text into HFM; and b) submit Excel spreadsheets to OFM for data not currently conducive to data collection in HFM.

Attachment K, *HFM Data Submissions/Reports* provides guidance to the bureaus on Closing Package Notes/Other Data and text submission.

The Closing Package Notes/Other Data (**Exhibit 2**) for which bureaus are required to submit Excel spreadsheets to OFM are as follows:

- Contingencies (Note 18)
- Commitments (Note 19)
- Stewardship Land (Note 25)
- Heritage Assets (Note 26)

Prior to year-end, OFM will e-mail the Excel spreadsheet templates to the bureaus for their Closing Package manual submissions.

Exhibit 2 includes the required format/data for bureaus submissions of the above-cited manual Closing Package Notes/Other Data.

If a particular Note or Note section does not apply, please indicate “NOT APPLICABLE” where appropriate in the Excel spreadsheet.

If the entire note(s) is not applicable, it is required that the bureau e-mail a negative response to its bureau liaison.

Bureaus should ensure that the Closing Package Notes/Other Data are consistent with the data included in the bureaus’:

- Hyperion data (Expanded Trial Balances, and footnotes data) – all bureaus
- Audited financial statements/footnotes – stand-alone bureau only
- Required Supplementary Information – all bureaus
- Required Supplementary Stewardship Information (RSSI)

VI. 2009 Due Dates

See FY 2009/2010 Financial Statements Guidance, Attachment I, *Due Date Calendar*, for applicable due dates.

OFM will monitor bureaus’ submission against the due dates. A deadline may be considered missed if the data is incomplete or inaccurate.

VII. OFM Contact

Please e-mail all bureau submissions of manual (Excel spreadsheets) Closing Package Notes/Other Data to your OFM bureau liaison and copy Atisha Burks (aburks@doc.gov).

**FY 2009/2010 Closing Package Notes Data
For Which Bureaus Will Submit Excel Spreadsheets to OFM**

Below please find Word versions of the Excel spreadsheet templates that OFM will provide to the bureaus for manual completion and submission to OFM. Omitted sections of each note indicate that the data is collected via some other method (i.e. from ETB or HFM report), or is not applicable to DOC.

Note 18. Contingencies:

Contingencies are uncertain losses that do not meet the requirement for liability recognition on the Balance Sheet. If the contingency is **reasonably possible**, then disclose the possible liability and the nature of the case. If the contingency is **probable** with a range of amounts, then the minimum amount in the range should be recognized and the range should be disclosed along with the nature of the case. If amounts do **meet liability recognition**, report them in the related liability account in the Balance Sheet. Contingencies that are accrued often require note disclosure so that the financial statements are not misleading; disclose the amount of **probable losses** along with the nature of the case. Amounts disclosed for litigation, claims, and assessments must be consistent with the agency's legal representation letter.

1) Public Land				
2) National Forest System				
3) National Wildlife Refuge System				
4) National Park System				
5) Mission Land				
6) Water, Power, and Recreation				
7) All Other				

"Text Data" Tab

1) Provide a brief statement explaining how the stewardship land relates to the mission of the agency (SFFAS 29, par. 40a)

Bureau Response

2) Provide a brief description of the agency's stewardship policies for stewardship land. (SFFAS 29, par. 40b)

--

Note 26. Heritage Assets

Heritage assets are property, plant and equipment (PP&E) that are unique for one or more of the following reasons:

- Historical or natural significance,
- Cultural, educational, or artistic (e.g., aesthetic) importance; or
- Significant architectural characteristics.

Heritage assets consist of (1) collection type heritage assets, such as objects gathered and maintained for exhibition, for example, museum collections, art collections, and library collections; and (2) non-collection-type heritage assets, such as parks, memorials, monuments, and buildings (SFFAS 15, par.33).

"Other Notes Info" Tab

Section A - Collection Type Heritage Assets (SFFAS No. 29, par. 25d)

Provide the following information for each collection type of heritage asset.
